Three From Minden Delegates At P.C. Convention Feb. 10

"You will have a responsibility to every elector of the riding as you represent this association at the provincial leadership convention in Toronto. There is a lot at stake, the eyes of the country are upon Ontario and the choice of a leader could mould the future of Ontario and Canada", Victoria - Haliburton Progressive Conservative Riding Association President Murray Agnew told elected delegates at a well attended meeting in Lindsay Thursday evening.

About 80 members of the Association from far and near crowded into the Women's Guild Room at the Academy Theatre to elect 10 delegates and ten alternate delegates to represent the Victoria - Haliburton Riding Association at the provincial leadership convention at Maple Leaf Gardens February 10, 11 and 12.

Riding association president Murray Agnew was accorded a unanimous acclamation as one of the ten delegates, and nine additional delegates and ten alternates were elected by ballot. Twenty-two candidates were nominated to contest the election and the elected representatives were announced by the president on the completion of the ballot tally.

The candidates elected as del-

egates along with the president are Arthur Ward of Haliburton, Dr. W. C. Blackwell of Bobcaygeon, Mrs. Pat Cawker of Fennelon Falls, Mrs. Shirley Brandon of Minden, Sinclair Nesbitt of Minden, Monty Robson of Fennelon Falls, Roy Windover of Minden, Stanley Oliver and Gordon Pepper of Lindsay.

Elected as alternate delegates are Norman and Connie Wilson of Omeme, Ray McNeilly of Bobcaygeon, Stanley Kelsey of Woodville, Gerald Lowes of Emily Township, Curry Bishop of Haliburton, Gerald Dawson of Haliburton, and Arthur Lock of Dorset.

Prior to the nomination, Association Treasurer Arthur Ward gave a very encouraging financial report, but it was pointed out all delegates and observers will pay their own registration fees at the convention.

ROTARY BINGOS START THURSDAY, JANUARY 28

The Rotary Club of Minden have announced that their regular Bingos will start once again on Thursday, January 28th, at 8 p.m. sharp. They are presently negotiating with the School Board to hold the Bingos in the lunch room at the Archie Stouffer Public School. More on this next week.

MINDEN FIGURE SKATERS COMPETE IN EASTERN ONTARIO CHAMPIONSHIPS

Four members of the Minden Figure Skating Club travelled to Oshawa last weekend to compete in the Eastern Ontario Sectional Championships.

Mary Welch, Kelly Beene, Ann Campbell and Susan Leary made a fine showing in the Juvenile Ladies Dance, considering the strong competition.

Ottawa Figure Skating Clubs took home most of the winnings.

Amy and David Martin, of the Lindsay Figure Skating Club qualified for the Canadian Championships after skating in the Novice Dance Pair competition at Oshawa Saturday. Amy 13 and David 16, have skated together for four years and are the first Lindsay skaters to qualify for the Canadian Championships.

M.P.P. EXPRESSES RESPONSIBILITY OF DELEGATES

"In selecting your delegates you have conveyed upon these people a very great responsibility", R. Glen Hodgson MPP told the party members gathered at the Academy Theatre in Lindsay last Thursday evening.

"The leader selected at this meeting in Toronto will immediately be premier of Ontario and will have to select a cabinet and prepare for the next session of parliament," Mr. Hodgson stated.

He urged the elected delegates to the leadership meeting not to be hasty in their choice of a leader. "Make the widest possible study of each candidate, observe and listen well, for the man elected as leader will be your negotiator for Ontario," he said.

"Keep in mind you are selecting a leader to make decisions for you and it must be a man who can make the proper decision almost immediately. Choose a man who will be in your opinion a good administrator and a good leader in an election," he urged.

RONALD J. CURRY SUCCEEDS HENRY NOKES AS SIR SANDFORD FLEMING CHAIRMAN

Ronald J. Curry, of Haliburton Village, has been elected chairman of the board of governors of Sir Sandford Fleming College, succeeding Henry Nokes who remains as vice-chairman and head of the board's administration and finance committee.

Dean George H. Robertson, who made the announcement as secretary to the board, explained that Mr. Nokes stepped aside following a recent Council of Regents recommendation that the office of board chairman in all 20 Colleges be rotated.

Sir Sandford President, David B. Sutherland said Mr. Nokes was the first labor representative to become a College chairman in Ontario. Nominated by board member Hon. Leslie M. Frost, Mr. Nokes was personally responsible for much of the policy that has made Sir Sandford one of the most rapidly-expanding Colleges in the province, according to the President.

Mr. Curry is one of the original board members represent-

ing the County of Haliburton, and has served as chairman of both the building and the finance and administration committees.

He has a long history of service in the fields of municipal government and education in the Haliburton area. Among other posts, he was Reeve of the municipality of Dysart for nine years, warden of the Provisional County of Haliburton in 1938, first president of the Highlands of Haliburton Tourist Association and a Director of the Chamber of Commerce.

For many years a member of the local secondary school board, he was its chairman in 1956-57. Mr. Curry was Haliburton county representative on the educational advisory committee, and director of the Haliburton Highlands Guild of Fine Arts, the organization that started the successful Haliburton School of Fine Arts which now is administered by the College.

Pictured above is the Captain of Brandon's Mites, Harold Porter proudly displaying trophy his team won in Woodville. To his left is Rick Beene, assistant Captain and right, Scott Arbuthnot assistant Captain. Coach Larry Kent and Manager Jim Hatkoski are shown behind.

"WE SELL THE EARTH AND INSURE IT'S CONTENTS"

HERE AND THERE

with Fenwick Finch

First of all let's have a look at "Radiesthesia" and our expert "Cec." Yearwood that I promised you from last week.

A little history on Radiesthesia or, to give it its modern name water "dowsing" might help fill

you in. This remarkable form of divination that has come down through the centuries is the use of diving rods — this has some thing in common with "dowsing". When the diving rod came out of obscurity in the 1500 hundreds it was mostly used for finding mines. The procedure was the same as searching for water. A forked stick was cut from a tree, preferably hazel and the rod was gripped by the forked ends, one in each hand. As you pass over the mineral or water you are seeking the wand points down to the ground.

Years back when the mines were supposed to be haunted by goblins and other demons this is how the elgendary powers of the rod were spread. By the late 1600's it was used for finding treasure, springs of water and even the bodies of missing persons. The wand could uncover almost anything the user willed it to find. By the late 1700's "water witching" had become the main purpose of the rod.

Even to this day "dowsing" runs into problems. Scientifically minded critics who try to explain away the results are never able to themselves duplicate or even approach what a "Gifted dowser" can do.

I have only had two experiences with "dowsing" and I was unsuccessful with both attempts. The first experience was years ago when the International Ploughing Match first came to Lindsay at the farm across the road where it was located in 1970. I was responsible for the power and layout of the "tent" city which also meant finding the necessary water wells. I had an old gentleman recommended to me who was "a good witcher" I can't remember his name. He came, and with his hazel wand he found three wells sufficient to supply all the needed water. I tried the rod — nothing happened. He asked me to hold the rod over where he found water, he stood behind me and put his arms around me, grasping one wrist, then the other, when he closed the circuit the rod twisted in my hands, so violently that the bark was twisted off it.

The second experience was about fifteen years ago with "Cec" Yearwood when I was considering buying property where Roy Collis now is. "Cec" found the water and the same experiment with me was the same as with the old gentleman. By myself nothing. When Cec held my hands the rod worked.

Cec. has been at this dowsing ever since he was a young lad. He was a skeptic at first but soon found out he was a "natural" — his favourite rod is black cherry, willow is too brittle and wire is too hard to handle. The majority of the wells in this area have been "witched" by Cec. and in the summer the cottagers keep him busy. If the people dig where Cec. says they get water — if they don't they usually lose out. He has been battling almost a 1000 since he started.

During the Sicily campaign some of the troops asked him if he could "witch" wine. "Hell", I told them said Cec. "you don't have to witch wine in Italy it's laying all over the ground in hogsheads — all you need is eyes and a nose.

Don't take my word for it — if you want water, see Cec. he'll get it for you. Now that he's retired from the Ontario Hydro he's available.

* * *

Every week more of my friends are in hospital — George Hancock from Irondale, Jim Anderson from Minden and at Haliburton George Brennan and Ben Varty.

THE INAUGURAL MEETING OF COUNCIL IS HELD

Reeve Charles Brandon congratulated Members of Council on the election and expressed the hope for a productive term for Council, at the Inaugural Meeting held on January 4th.

It was moved by Reg Booth, seconded by Doug Pritchard that the following be appointed as Committee Chairmen for the year 1971: Finance, Chas. Brandon; Property and Street Lights, Robert Gorrie; Fire, Sidewalks, By-law, Doug Pritchard; Roads and Parks, Roy Windover, Water System Reg Booth.

Moved by Reg Booth, seconded by Doug Pritchard that George Finley be appointed to the Committee of Adjustment for the term January 1, 1971 to January 1, 1974 — same to rescind any and all former resolutions regarding this appointment.

Moved by Reg Booth, seconded by Roy Windover that the Clerk be instructed to order three-way flasher for installation at the bridge on Main Street in Minden as decided by By-law 42-70.

Moved by Robert Gorrie, seconded by Roy Windover that we request the Ontario Hydro to install under our rental agreement one 400 watt Mercury Vapour street light on the existing Hydro pole nearest the front of door of the Archie Stouffer Public School. Light to face towards MacKayville.

All motions were carried. A special meeting of Council was to be held yesterday, Wednesday, January 13th. A report on this meeting will be made next week.

LETTER TO THE EDITOR

RR 2 Minden

January 11th., 1971

Dear Fenwick:

I wonder if you can use your well known influence and charm with the powers of CKVR TV Channel 3 Barrie.

Surely in this day and age we should not have to put up with their everlasting repeat programs; American Football and age old fill in type of programs. I would imagine that in their Library of Tapes and Film they must have more suitable material. Too bad they don't have more competition in this area.

Yours Sincerely,
The Laird of Boshkung

HARMONY WE HAVE

The news media always gets results, such is the case of the arena crisis here in Minden. The publicity given our arena over the last couple of weeks has stirred the people here in Minden

and we now find harmony we have never seen in recent years. Most people hate the thought of bad publicity, but it is a proven fact that in most cases, the ugly thorn always turns into a beautiful rose.

The need for a new arena is unquestionable, and because of the happenings over the last couple of weeks, the people here, like never before, are joining together to accomplish what this town can be proud of — a new community centre with artificial ice.

The Minden Figure Skating Club, the Minor Hockey Association and the Winter Carnival Committee, met this past week, combining forces to strive towards this goal. The new Council of Anson, Hindon and Minden are all in favour of new facilities and are working hand in hand with the sports minded people in the community to come up with a suitable plan to give Minden facilities that this town can be proud of, and at the same time put Minden back on the map as a great sports competitive town.

A few years back, the interest was running wild with winning teams in Intermediate 'C' play. The Minden Monarchs went to the Ontario Finals three years under the coaching of Garnet Lytle, and management of Mark Vasey. In 1949-50 Harry Cowen coached an Intermediate team and won the Ontario Rural Hockey Championship. When a town has winning teams it makes for great community interest and spirit, besides spreading good publicity to all parts of the Province. The fact that other towns have gone ahead of Minden with more modern facilities, this community has had a hard struggle to compete.

However in the last two or three years interest has once again started to gain momentum and it is felt that with good facilities, hockey players of the community will again be good-will ambassadors for the town of Minden. We must not forget the strong Figure Skating Club this community now has — it is a credit to the ladies who have spent a great many hours working with the girls, who have come along way, and now can boast of some fine skaters. For example four girls, Ann Campbell, Mary Welch, Kelly Beeney and Susan Leary travelled to Oshawa this past weekend to take part in three days of the Eastern Ontario Skating Championships. This is great publicity for Minden and these girls can be congratulated on a fine showing.

The Associations we have mentioned above have promised Council that they are willing to work, and help raise some of the money needed to lighten the burden on the tax payers of this community. They have their sights on raising \$100,000 including what is already in the fund for new facilities. In return Council has promised to start the wheels in motion to plan for new facilities for Minden.

Because of the recent crisis here we have discovered that this community isn't lying dead, they are up and at it, working together — Harmony we have, and with it, great things can be accomplished.

COUNCIL MEETING HELD IN STANHOPE

The inaugural meeting of the Township of Stanhope Council was held in the Council Chambers Wednesday, January 6th, 1971, with the members taking the declaration of office.

The meeting was opened with a prayer by a member of the board Mr. Kenneth Whitney.

Moved by Ken Whitney, seconded by Jim Harrison, that Mr. Martin L. Davies be contacted about the boathouse that was built on Lot 16 instead of Lot 17, this portion of Lot 16 is the property of Dr. V. Kasari, as the building permit was issued for Lot 17 this building must be moved by the last day of February 1971, if the removal hasn't transpired by said date it shall be done by the municipality and charged back to Mr. Davies. Carried.

Moved by Ken Whitney, seconded by Jim Elder, that William Scott M.P. and Glen Hodgson MPP be contacted by the clerk re: Federal and Provincial grants or services to stimulate employment in new business or to winterize and up-date for further winter business. Carried.

Moved by Jim Elder, seconded by Ken Whitney, that the Clerk be authorized to order a rubber stamp with the Reeves signature affixed. Carried.

Moved by Jim Harrison, seconded by Jim Elder that taxes owing on Lots 12 and 13 Plan 187 be written off the Collectors Roll, as these properties were dedicated by the Sub-Divider as Public Parks. Carried.

Moved by Jim Harrison, seconded by Elvin Johnson, that the Clerk be authorized to call for applications for a By-Law Enforcement Officer. Applications to be received by January 30, 1971. Carried.

Moved by Ken Whitney, seconded by Jim Harrison, that the accounts amounting to \$624.68 December welfare \$767.50, Road Voucher No. 12 \$5,859.62, be allowed for payment. Carried.

By-law No. 71-1 for the purpose of borrowing monies to cover expenses until taxes are received, was read the three times and passed.

Moved by Ken Whitney, seconded by Jim Elder, that the meeting adjourn at 4 p.m. until the 3rd, day of February 1971 at 9 a.m. unless called sooner by the Reeve. Carried.

TOWNSHIP OF STANHOPE APPLICATIONS

Applications will be received for a By-law Enforcement Officer for the Township of Stanhope, up to the 30th. day of January 1971 by:

Thom. A. Welch, Clerk-Treas.

R.R. No. 1, Haliburton, Ontario.

to defeat the Keswick Beavers Thursday night 8 to 2. Jeff Campbell and Bev Hicks tied the score, and the Huskies roared to a 4 to 2 lead at the end of the first, and never looked back. Cam Botting scored 4 times with Gerry McElwain and Craig Stamp getting the others.

Saturday's game against Fenelon was an exciting game to see, as both teams gave good performances. The Flyers who have a big team never gave up and the Huskies had to work hard to save the win. John Wilson scored the only goal of the first period. The Flyers tied the game early in the second then the Huskies scored 4 fast goals within 5 minutes to take a 5 to 1 lead. The Flyers scored once more in the last minute of the 2nd. It was early in the third period that Dummitt was hit with the shot and the Flyers scored on the play. Dennis Good was dressed and Cam Botting scored to take the pressure off the Huskies. Fenelon scored on a screen shot at the 18 minute mark to round out the scoring. Cam Botting scored another 2 goals to bring his season total to 28 in 16 games. Woodcock, LaPorte and McElwain scored the other goals.

Sunday was a very important game for the Huskies, and they came through with a win against the Lakefield Coyles even though they had 3 players out with injuries. This pretty well assured the Huskies of a first place finish. It appeared that the Lakefield club might upset the powerful Huskies, but a strong 3rd period proved that they will certainly be a tough team to beat at any time in the remainder of the schedule. Lakefield opened the scoring at the 2 minute mark of the first, but Gerry McElwain tied the score 8 minutes later. The period ended tied but the Huskies drew 5 penalties to none for Lakefield. The referees had only one colour on their minds during that period as the Huskies were assessed a couple of cheap calls. Lakefield scored twice in the second as Danny Carpentier was the only Huskie to flash the light Rick Woods who was called up from the Midget team because of injuries showed lots of promise as he scored the tying goal at the .52 second mark of the 3rd. Bev Hicks proved to be the eventual hero as he scored the winner at 9:14. The Huskies were again assessed several questionable penalties but weathered the storm to win the contest. Dennis Good came up with several good saves in the dying minutes to save the win.

The Huskies travel to Fenelon Falls on Thursday night to meet the Flyers once again and then the Keswick Beavers are in town Sat. night.

MINDEN MINOR HOCKEY NEWS

On the hockey front this week the Kinmount Bantams moved into a tie with first place Bobcaygeon with 3 wins in the past week. Tuesday they came from behind to defeat Bobcaygeon 6 to 5. Wednesday in Fenelon Falls they trounced that team 5 to 1 and Saturday night they scored a big 9 to 0 victory over Minden. Scorers for the week were Brant Handley with 5 goals against Minden making that 7 for the week. Steven Austin 6, Larry Silverl, Lee Swanton 1, Micheal Popert 1, Terry Spencer 1, Danny Byrnes 1, Perry Simmons 2, Roland Hamilton registered the shut out for the hot Kinmount team against Minden.

In Novice 'A' action the Progress Newies dropped two games on the weekend, making things tough for that team to make the playoffs. Oakwood downed the locals 7 to 1 on Saturday and Woodville edged the Mind-end team Sunday here in this arena 3 to 2. In the Oakwood game Tom Palmer scored for Minden. In the game here on Sunday Paul McKenzie and Corey Walker were the marksmen.

In Novice 'B' play the locals got swamped by Bobcaygeon 8 to 0. This is the first time this club has had such a defeat. The B's play in the Kawartha League and are coached by Larry McKenzie.

On Friday night the local Midget club dropped a close 6 - 5 decision to Fenelon Falls. Bob Arbuthnot led the Minden attack with 3 goals while Lee Bull and Warren Payne picked up singles. The Midgets meet Haliburton this Friday night, game time is 8:30.

In Mite action the little guys have been playing some good hockey. Minden tied Bobcaygeon in their last outing 1 to 1. Harold Porter was the goal scorer, with Ted Brandon and Scott Arbuthnot playing a strong game on defence.

BRIEF PRESENTED TO COUNCIL BY PRESIDENT NORM HARRISON

The following is the brief presented to Council by President of the Minden Minor Hockey Norm Harrison.

The council, the Minden Figure Skating Club, the Minor Hockey are responsible for the safety of some 300 children in our area. The arena was last inspected in 1961 and 1963. The reports, at that time, did not give it a clean bill of health. Deep frosts and heavy snows during the past several years may have weakened the structure and shifted the footings. We feel because of the above reasons that our requests for these inspections are reasonable and important to the safety of our children.

We wish the council to know that it is not our intention to embarrass them nor the present caretakers who are doing an excellent job in cleaning up — but it is our contention that past councils have known of these conditions and have talked about building a new arena for nine years and we still don't have one nor plans for one. Many people have pledged monies toward a new arena and they will honour them when council says go. The raising of \$100,000 is very possible with grants and public support, the balance over twenty years would amount to a carton of cigarettes a year or a bottle of liquor.

Many people do not realize what extra work, time and money is needed because we must work under the present conditions. Not only safety is involved but the lack of proper ice facilities means we must travel many extra miles to neighboring arenas and pay all expenses out of pocket. How many people or parents would have given approximately \$50.00 plus their time that a child might skate during the past two months? Some parents and all officials have. They will do the same in February when our ice cannot be depended upon.

Permit me to present a few facts why we feel a new arena is a necessity not a luxury.

1. We are able to use our present arena for a period of some four weeks, possibly six weeks depending on weather.

2. We must rent outlying arenas with artificial ice for the remaining ten to twelve weeks at a cost of some \$2,000.00 to the taxpayers. It alone costs \$60.00 per day for the figure skaters in rink and transportation fees.

3. We must drive a minimum of some 68 miles to a possible 134 miles per week to these arenas.

(Continued on Page 7)

MINDEN

WINTER

CARNIVAL

JANUARY 29, 30, 31

MAJOR PRIZES ANNOUNCED FOR CARNIVAL SKATING CUSTUME CONTEST

Everybody can enter — and join in the fun of the Minden Winter Carnival and win money too!

1st prize for best boy and girl 14 years and under will be \$10.00 each. Best costume for ladies over 14 will be \$10.00 and also \$10.00 for best male in costume over 14 years. Plus a grand prize of \$20.00 for the best costumed pair of skaters on the ice!

The skating costume contest will take place on the arena ice at 7.00 p.m. sharp, Saturday night, January 30th. Join in the fun of Carnival weekend in Minden — dream up a whacky costume, start making it now and be ready for Saturday night, January 30th. Lots of fun!

One of the major attractions will be Indian Dancing in the Minden Arena Saturday at 3 p.m. and 9.15 p.m. Such dances as the Eagle, Hoop, Bonnet, Welcome, Matting, Tribal War Dances will be performed under the direction of Drummer and Master of Ceremonies Lorrie Claus, who is Chief of the Mohawk Nation originally from Tyendenata Reserve near Belleville.

For many years Chief Claus followed Pow Wow circuits throughout Canada and United States. His group last performed in Ottawa in November.

He is a lecturer and philosopher of Indian Culture and is now teaching the Mohawk language at the University of Toronto. Indian Crafts will be on display and for sale on the Main street by Yvonne Kirkland.

ASSESSMENT ACT 1968-69

TAKE NOTICE that the first sitting of the Assessment Review Court for the year 1970 for the Municipality of the Township of Lutterworth in the County of Haliburton will be held at Council Chamber, Highway No. 35, South of Minden commencing at the hour of 9:00 a.m., January 28, 1971.

Dated at PETERBOROUGH this 7 day of January 1971.

A. T. Norman
Regional Registrar,
For Assessment Region No. 5, 6, 7, 8.

**BRIEF PRESENTED TO
COUNCIL BY PRESIDENT
NORM HARRISON**

(Continued from Page 6)

At 10 cents a mile you are talking a lot of money.

4. It means we must spend an average of three hours per practice or game. For a family with one involved it means six hours on the road per week.

5. Our teams do not have the calibre of player they should have because of lack of ice time, parents refusal to travel so far every week etc. Many of our boys with ability on reaching Midget age are going to Haliburton to play junior. We are serving as a farm club for them and losing a chance to ice an exciting hockey club for Minden.

6. We are unable to hold tournaments which would stimulate hockey interest in our community as well as the economy of the town. Years ago Minden practically paid for the building of the Bobcaygeon arena. We were known far and wide as a hockey town.

7. A new arena would probably attract a hockey school in our town. Places are in great demand at the moment. This would really stimulate our economy. At the moment Haliburton realises \$10,000 for three months. They have 230 boys attending each week. The kids have money to spend so have their parents. This money would go a long way towards paying a debenture off every year.

8. The skating club could prepare their carnival knowing they will have excellent ice conditions and not have to worry about injury caused by bad ice. More people would attend.

9. The Winter Carnival is held every year to advertise our town and stimulate the economy during the slow months. Many dollars are spent towards this and much committee time. Is it all

not being done for nought. Are people impressed with our town and it's arena with its overcrowded, overworked, overflowing washrooms? It's cancelled events because of mild weather. It's events strung from the centre of town to the fair grounds. Our cold and drafty arena. Would they bring a friend next year? Our community centre is a reflection of our town. Pretty poor image I'd say!

The Rotary Carnival the Fall Fair would all benefit from more spacious, clean and comfortable surroundings so would business. Minor hockey, the skating club, other service organizations are behind you and will work toward raising funds. Mr. Gary Vasey has just pledged \$500.00 because he knows our town needs one. There are others like him. Haliburton, Fenelon Falls, Bobcaygeon, Cannington, Woodville, Little Britain, Oakwood and Beaverton have artificial

ice arenas. Why shouldn't our kids have one.

Our town needs something to do together, to have some pride in. Lets build an arena and community Centre together — the cheapest time is now.

I'd like to close with a thought for you. In these troubled times of drugs and youth unrest, our kids must be kept off the streets and given something to do. Organized sport is our one big way of doing this. When we have your child for two nights a week, that's two nights a week he or she isn't running the streets and more important you know where they are.

What else does Minden offer the kids of this community? The answer is nothing! Drive a hundred mile circuit from Minden to various communities — see their arenas — in communities smaller than ours. Then, you will know that we here are still in the horse and buggy days.

Walter Safety says,
"Avoid playing with
air-inflated toys
and inner tubes
in the water.
Keep them on the beach
where they belong."

AN ACTIVE RIDING ASSOC.
URGED BY M.P. BILL SCOTT

"It is the organizations behind the candidate that wins elections," William Scott MP told a gathering of members of the Victoria - Haliburton Progressive Conservative Riding Association in Lindsay Thursday.

Commenting briefly following the election of delegates to the provincial leader's convention in Toronto, Mr. Scott urged the association members to become involved and attend the Toronto convention.

"If you are not a delegate you do not have to stay at home. Pay the observer's \$10.00 fee and attend and let us assure a full house of interested Conservatives at Maple Leaf Gardens in February," the federal member stated.

He said it is a great inspiration to see interested people gather at such important conventions, and he pointed out Ontario pays 42 per cent of the national revenue and therefore Ontario is the key to the Dominion of Canada.

"Let us show ourselves in numbers. Ontario is the envy of all other provinces in Canada and we have had a good government in Ontario for the past 28 years. Let us go out and pick the right man to govern half of Canada's economy and one-third of its population," Mr. Scott said.

The federal member, speaking directly to the president and executive of the riding association, Mr. Scott urged the association to be active. "We are not running scared. We have been told in the past to always run an election as if we are going to lose and thus promote a more aggressive campaign. Let us get out and work. It is your organization and their work that wins," he concluded.

MINDEN OPP REPORT
THREE ACCIDENTS

Provincial Police here in Minden reported three accidents were investigated in the area on December 23rd.

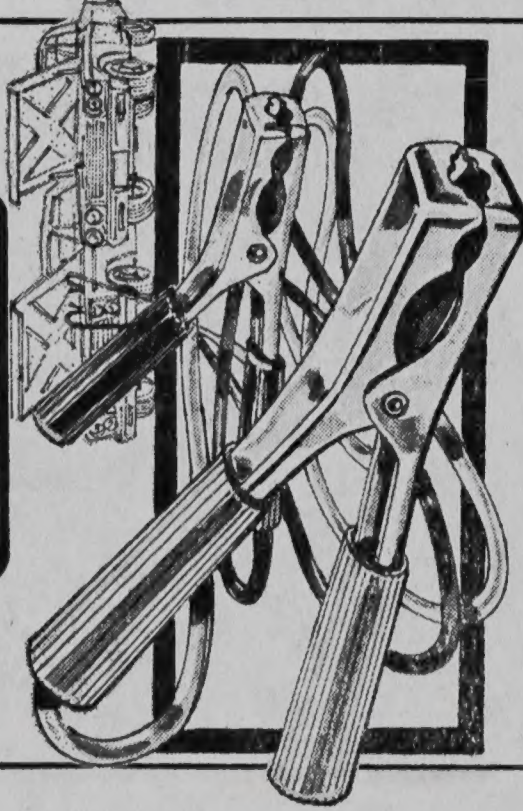

A two-car accident on Highway 648 near Wilberforce at 1:25 p.m. involved two cars driven

on December 23rd.

A two-car accident on Highway 648 near Wilberforce at 1:25 p.m. Involved were cars driven by Clarence Stanley Henry, 65, of Tory Hill & Arthur Clearance Kimel, 75, of Wilberforce. Kimel suffered a cut on his lip. Damage was estimated at \$1,300 by Provincial Constable R. Telford who investigated the accident.

At 10:00 p.m. OPP Constable Dennis Potter investigated a car pedestrian accident at the south end of Minden. Suzanne Maru-rite Mitchell, 16, of Minden suffered bruises to her lower limbs. She was treated at the Minden Red Cross Hospital and released. The driver of the car was reported to be Cecil Bradley Graham, 25, of Minden.

Damage estimated at \$300 occurred to a car driven by Russell John Wunker of Miner's Bay in a one-car accident on Highway 519, six to eight miles south of here. OPP Constable F. W. Magee investigated the accident.

COLLEGE CLASSES TO BE
HELD HERE IN HALIBURTON

Enough support has been found to conduct two, and possibly three pilot classes in Haliburton Village via a revolutionary two-way electronic link with a Peterborough classroom, according to Fred Anderson, continuing education director of Sir Sandford Fleming College.

Of special interest to women, the third course being offered concerns the development of the pre-school child and the adolescent and would be held Wednesday evenings, beginning January 20.

Mr. Anderson said 20 registrations had been received for two of the 10-week courses originally offered, creative writing which begins January 18, and a business-oriented program titled planning for profits, which starts January 19. Investment in real estate has been cancelled.

There are no formal academic pre-requisites for the current courses, which will be held at the Haliburton School of Fine Arts building in Haliburton village.

This will be the first time the Bell Canada educational system, called Visual Electronic Remote Blackboard, has been used in Ontario on a regular basis, and the system will be evaluated closely by the College during this trial period.

It is hoped this will be the beginning of an expanded service to Haliburton Highlands residents, depending on future interest in the community and the success of the current series.

Registration for all courses is still open, and information may be received from Ted Campbell, at the Chamber of Commerce office in Minden (286-1760), or Mrs. Alice Dugan at the Haliburton School of Fine Arts in Haliburton Village (457-1680).

COUNCIL APPOINTS
LIBRARY BOARD

At the recent meeting of Council the following were appointed to the Minden Library Board:

Mrs. Irene Moore, Mrs. Shirley McGee, Rev. Howard Best, Robert Gorrie.

ABOUT THE TOWN

With Jeanne Sears

Another of our senior citizens had a birthday on Monday with congratulations going to Martin Taylor on his 83rd. birthday.

The Arena is open again for practices, figure skating, and open skating. We understand that Mr. Wright of the Public School has plans so that all classes will have skating time.

There was a happy family party last Saturday evening at the home of Mr. and Mrs. Denzil Cox on the occasion of the 78th birthday of Mrs. William Cox. Present were all her family and 16 grandchildren. The crowd played cards and enjoyed a sing song. A presentation of a bouquet of yellow roses and singing of happy birthday and the huge birthday cake were hi-lights of the evening. Many snapshots were taken of various members of the party. Mrs. Cox is fairly well and we add our good wishes for many more happy birthdays.

Mr. and Mrs. Henry Gibson and Mrs. Vera Cowan were on holidays at Discovery Bay, Jamaica visiting friends. Mrs. Gibson has returned home but the others will be returning later this month.

If someone would say to me to-day,
 "What be it you wish from me,
 A wish from me for anything."
 I think I would wish for something,
 Something I cannot see, nor touch nor smell.
 Just something that would be there,
 A thing I would feel within myself,
 A lasting sense of happiness.

Duncan Dale.

Patients at the local hospital on Monday included Mrs. Violet Henderson, Mrs. Ella Davis, George Hancock, Thomas McNeill, Leonard Lonsberry, Joseph Shaw and James Anderson. In Toronto hospitals are Garnet Stevenson and Harry Newman.

Mrs. R. Lewis and myself finally found a ride to Haliburton last Wednesday and attended the Workshop-Luncheon at the Haliburton County Library office. Although the meeting was short, still we learned some new ideas and plans were made for an exchange of books the last week of this month.

Hint of the week — This year instead of getting tired of that left-over turkey which seems to last forever, I cut slices of white meat and packed enough for a meal in several little milk bags and froze them. Now when I'm needing something special I can try some of those casserole or oven recipes I cut out.

This is truly an old-fashioned winter with plenty of snow. We hear that some people have already caught some nice fish through the ice.

Cheerio until next week.

DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular feature prepared by the Family Financial Counseling Service of the Avco Delta Corp., P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered in print or by mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

SSSS

Dear Mr. Martin:

We've all heard that these days a college education is needed for almost any good job, but is it really? Our son, who is going to be graduating from high school next year, has developed into quite an auto mechanic. Should he attend college? Frankly, our budget just couldn't stand the high cost of a college education. Please give us your advice.

B.M.

Dear B.M.:

It's true that a college education is necessary for many fields of employment and job opportunity will continue to increase fastest in occupations requiring the most education.

Experts estimate that the number of professional and technical workers will increase by 50 per cent in the next ten years

— but they say that a high school education will still be sufficient for eight out of every ten jobs!

Although there is a strong demand for qualified auto mechanics, jobs for high school graduates are not restricted to the so-called blue-collar jobs. There will be a big demand for computer operators, systems analysts, recreation workers, office machine operators and business machine servicemen, for instance.

By 1980 there will be a rapid growth in such white-collar jobs, especially among service and sales workers. This growth reflects a continued expansion anticipated in the service-producing industries, the growing demand for persons who can perform research, the increasing needs for education and health services, and a continuing growth in the amount of paperwork required in all types of business.

The decision of a college education is up to you and your son, of course. There are many state supported colleges where tuition is free or nominal but growing enrollments are forcing admission standards up every year.

An outlook of more than 700

COUNCIL PASSES GRANTS FOR COMING YEAR

At the Inaugural meeting of Council on Monday, January 4th, Council passed the following grants for 1971:

Minden Agricultural Society \$100.00; Minden Red Cross Society \$50.00; St. John's Ambulance \$25.00; Chamber of Commerce \$150.00; Minden Winter Carnival \$100.00.

CAN YOU LEASE CROWN LAND FOR HUNTING?

Mr. J. E. Dewey, Acting Lands Supervisor of the Department of Lands and Forests, answers the above question, saying no. Any person with the proper licences may hunt game on crown lands during open seasons.

At present in the Lindsay Forest District, there are approximately 275 privately owned hunt camps situated on crown land. These camps are authorized under a Land Use Permit on an annual basis. The permittee rents a one acre parcel of land to accommodate his improvements on the understanding that he will make only private use of the camp. The permit does not confer exclusive hunting rights to the permittee or any other persons using his camp.

In October 1963 the authorizing of new hunt camps on crown land was discontinued as it was felt that the saturation point had been reached from the standpoint of hunting safety. However, if the owner of a crown land hunt camp wishes to assign his interest in the camp to another eligible person, he may do so on approval of the department.

CORPORATION OF THE

TOWNSHIP OF LUTTERWORTH

NOTICE

In the matter of the Municipal Act and in the matter of a proposed By-Law of the Municipality of the Township of Lutterworth to stop up, close and sell that portion of the original allowance for road lying between Lot 24, Concession 5 and Lot 25, Concession 4 of the said Township.

Notice is hereby given, pursuant to Section 462 of the Municipal Act and Amendment thereto, that the Township Council of the Municipality of Lutterworth proposes to consider and, if deemed advisable, to pass at its regular meeting to be held at the Council Chamber, south of Minden on Highway 35, in the Township of Lutterworth in the Provisional County of Haliburton, on Wednesday, the 3rd day of February, 1971 at the hour of 7:30 p.m. a By-Law to stop up, close and sell a portion of the road allowance between lot 24, Concession 5, and Lot 25, Concession 4 in the Township of Lutterworth, more particularly described as follows:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Lutterworth, in the County of Haliburton, in the Province of Ontario and being composed of part of the Road Allowance between Concessions 4 and 5 for the said township, which said parcel is a strip of land 66.00 feet in perpendicular width lying 33.00 feet on either side of the centre line which said centre line may be more particularly described as follows:

PREMISING that the bearing of the west limit of Lot 24, Concession 6 of the said Township is N20 52'W and relating all bearings used herein thereto:

COMMENCING at a point in the centre line of the road allowance between Concessions 4 and 5 which is 66.00 feet easterly from the high water mark of Moore's Lake said point being distant 6,636.17 feet measured south easterly on a bearing of S14 44'20"E from the north-west corner of lot 24, Concession 6 for the said Township:

THENCE N69 03'10"E along the centre line of the road allowance between Concessions 4 and 5 764.00 feet more or less to a point being 66.00 feet measured westerly from the high water mark of Moore's Lake.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned, the Township Council of the Municipality of Lutterworth shall then and there hear in person, or by his counsel or agent, any person who claims that his land will be effected by the said By-Law and who applies to be heard.

DATED at Lutterworth this 19th day of December, A.D. 1970.

(Mrs.) E Burke, Township Clerk.
